BACKGROUND

This amendment deletes four retrofit soundwall projects programmed during the 1998 STIP cycle in San Joaquin, Santa Barbara and Ventura Counties totaling \$5,090,000. These four projects are included in the Department's Statewide Program to complete the May 1989 Retrofit Soundwall List and no longer need to be programmed in the STIP. A fifth project from the May 1989 list, the 14 Mile Slough-Ben Holt Soundwall on Route 5 in San Joaquin County, was also programmed in the 1998 STIP with a total cost of \$1,025,000. The Commission approved an allocation for the 14 Mile Slough-Ben Holt Soundwall in February 1999, so the project can not be included in the amendment with the others. However, the Department intends to provide a credit of \$1,025,000 to San Joaquin Council of Governments from the Statewide Retrofit Soundwall Program.
